Shipping

Ground: By default, we will ship your order via FedEx and charge you the cost. FedEx determines shipping expenses by distance, weight, and dimensional weight. If you have your own UPS or FedEx account, we can bill them directly on your behalf. Account number and billing zip code are required.

Freight: For freight shipments, we source the most economical quote available. Please be advised that any special services may incur additional costs. If you need special services, please let us know at the time of your order so we are able to provide you with the most accurate quote possible. If you have not ordered special services in advance, do not accept them at the time of delivery, or you may be charged additional fees.

Back Orders

Unless you mark "No" for Back Orders, out-of-stock items will automatically be placed on back order. Once your items become available we will notify you and request approval to ship. If approval is not received within 5 business days, your back order is subject to being cancelled.
